Brand pillars

Inspire creativity

Interbois interior finishing allows people to do a lot with very little. On their own, our products are surprisingly simple. But combined and integrated in myriad ways, they add splash to any décor or style. And to ensure that everyone can make the most of our solutions, we focus our design culture and ingenuity on providing inspiration and information. So both avant-garde designers and avid do-it-yourselfers can use their creative spirit to achieve living spaces that are truly one of a kind.

Simplify installation

Simplified installation is part and parcel of the Interbois experience. Regardless of skill or knowledge, installation is never an obstacle. Hassle-free projects are assured by technical documentation, accurate information, product availability and merchandising. Consistent quality, intuitive packaging, online tutorials for a simply accomplished, simply distinctive result.

Listen to people's needs

Interbois has always believed in the strength of relationships between team members, partners and customers. These relationships, nurtured by active listening, are the source of our inventive solutions and our compassionate customer care. Beyond our products, we put people and their needs first. By listening, we facilitate creation, achievement, business ties. We facilitate success!

Note: At the time this brochure was printed, all products featured were available. However, we recommend confirming product availability with a representative.

2047

Shiplap Pacifico

White primed MDF

You'll be charmed by this shiplap's wide boards! They enhance any room in your home with their sophistication and durability.

8031

Shiplap Ren

Birch plywood

Adorn your walls and ceilings with this contemporary profile made of birch plywood. Its reversible boards feature a straight, wide groove on one side and a micro-embossing edge on the other.

0771

Shiplap Classic

White primed MDF

This profile conveys presence and elegance with its wider design and deeper grooves.

0771

Shiplap Classic

Select pine

Select pine shiplap is characterized by its generous texture and marked grooves, producing a natural, refined finish.

8027

Shiplap-S

White primed MDF

A popular design element, Shiplap-S adds interest and texture to any space. This modern profile, with a central groove and vertical edges, makes your décor pop.

8021

Shiplap-M

White primed MDF

Choose Shiplap-M for its timeless straight lines, equally attractive whether installed horizontally or vertically.

2012

Classic VJ-S panelling

White primed MDF

With boards separated by V-joints in the middle and at the ends, this profile creates a subtly textured accent suitable for traditional homes and modern interiors alike. Ideal for softening rooms and giving them more intimacy.

2010

Classic VJ-M panelling

White primed MDF

This ageless panelling steals the show in informal and work spaces, bringing comfort and warmth in a flash!

2011

Classic VJ-M panelling

Knotty pine

The panelling classic of classics! Knotty pine is ready to stain or varnish, allowing you to bring out the wood grain. And it's so user-friendly! Available in a variety of lengths, it's perfect for both country and city homes.

1719

Reversible VJ panelling

Knotty pine | without grooves

Use its smooth side with V-joints at the ends for a contemporary, minimalist effect.

1719

Reversible VJ panelling

Knotty pine | with grooves

Use its grooved side for a subtly textured, modern effect. Optimal for creating depth and lending character to your space.

8052

Creno-XS panelling

White primed MDF

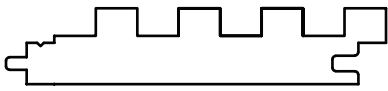

Evenly spaced slats and grooves give the illusion of stripes.
Utter simplicity delivers a neutral yet striking appearance you'll adore.
Worthy of the most distinguished European homes!

8052

Creno-XS panelling

Maple

Maple, with its soft hues and sleek finish, enhances the purity of the design and generates a luminous, soothing atmosphere.

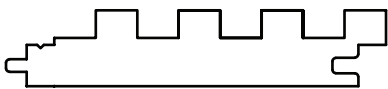

8052

Creno-XS panelling

Red oak

The robust elegance of red oak, renowned for its warmth and richness, bestows a luxurious, timeless feel in any room.

8061

Creno-XS panelling

Teak finish MDF

The profile's texture is accentuated by a trompe-l'œil produced by alternating dark and light bands in the smooth wood grain. Easy to arrange and fit together. You'll love it in your entryway and most treasured spaces.

8061

Creno-XS panelling

Walnut finish MDF

Install walnut finish Creno-XS on your kitchen island for a guaranteed WOW effect, or put it in your favourite room.

8061

Creno-XS panelling

White oak finish MDF

This Creno-XS profile looks like solid white oak, but costs less.

8042

Creno-S panelling

White primed MDF

This product's strong lines and plays of shadow immediately catch the eye. Use it for an accent wall, or even on a piece of furniture to craft a unique decorative element. An exquisite design that lends a sense of grandeur!

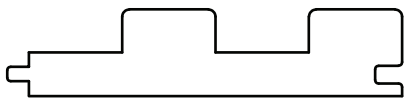

8042

Creno-S panelling

Select pine

Creno-S select pine stands out with its clean lines and refined texture. Ideal for an accent wall or unique piece of furniture, it adds depth and character to your creations.

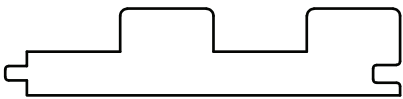

White primed MDF Creno-S panelling

8042

Creno-S panelling

Maple

The natural elegance of maple, a species prized for its softness and clarity, is magnified by this profile's sophistication.

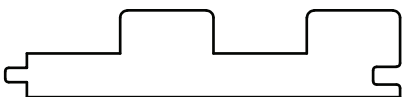

8042

Creno-S panelling

Red oak

Red oak is renowned for its distinctive texture and deep hue. It gives any room an authentic, polished presence.

8062

Creno-S panelling

Teak finish MDF

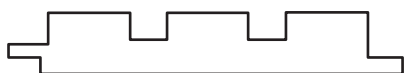

This panelling with perfectly straight angles provides a finish that hints at faraway places. When texture and wood grain blend into your décor, you get a delightful living space you'll admire every day.

8062

Creno-S panelling

Walnut finish MDF

The walnut finish confers richness and enchantment, and bestows a touch of sophistication and luxury with its deep colour.

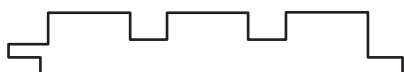

8062

Creno-S panelling

White oak finish MDF

Creno-S white oak finish soothes with its natural colour and astounds with its deeply grooved slats.

8044

Dune-S panelling

White primed MDF

The uniqueness of Dune-S lies in its rippled curves and distinct peaks. A profile with the characteristics and softness of real dunes.

8044

Dune-S panelling

Maple

Nature is gently infused into any room with the juxtaposition of MDF Shiplap-M and maple Dune-S.

8044

Dune-S panelling

Red oak

Red oak Dune-S sets itself apart with its warm hue and deep nuances, filling your spaces with a luxurious, velvety ambiance.

8054

Dune-M panelling

White primed MDF

A scalloped, elegant and trendy design, characterized by slightly undulated curves. Dune-M is magnificent when applied to an entire wall, and grandiose when combined with Dune-S.

8064

Dune-L panelling

White primed MDF

Dune-L features ample, well-defined curves, five times wider than those of Dune-S.

8046

Dame-S panelling

White primed MDF

Fuller, more enveloping, more comfortable and a bit retro, the roundness of Dame-S brings coziness and charm to your interiors. Choose this profile, also called “tambour,” if you’re looking to create an eye-catching design.

8046

Dame-S panelling

Maple

Seamlessly add maple Dame-S to your range hood for distinctive, exquisite cachet.

8046

Dame-S panelling

Red oak

The red oak Dame-S profile successfully integrates with many design styles. Whether in an entryway, living room or kitchen, it beautifies with its rich, warm colour.

8056

Dame Unik panelling

White primed MDF

Replace sharp corners with rounded ones. This single slat is the perfect complement to Dame panelling.

8056

Dame Unik panelling

Maple

Single slat maple Dame Unik imbues your interiors with softness and harmony. It enhances every corner and produces a natural, refined atmosphere.

8056

Dame Unik panelling

Red oak

Single slat red oak Dame Unik accentuates living spaces with warmth and character, and gives them a timeless, welcoming feel.

White primed MDF Dame Unik panelling

8032

Creno-mini panelling

White primed MDF

Apply Creno-mini and breathe new life into your timeworn furniture, such as dressers, shelves and sideboards.

8034

Dune-mini panelling

White primed MDF

Discover the renewed charm of our doors, elevated with Dune-mini panelling. For ageless style that matches any décor.

8036

Dame-mini panelling

White primed MDF

Surround Dame-mini with mouldings to showcase it in custom-sized boxes in your kitchen, living room or hallway.

8050

Som panelling

White primed MDF

Small, round rods form the repetitive lines that add a delicate texture to your walls. Painted white, black or the latest colour, this panelling becomes the focal point of the room.

3845

Slats for open partition

Knotty pine

Whether you're looking to draw attention or create a division that blends into your decor, the open wall partition will meet your needs.

1002

Stria panelling

Black MDF, white oak finish

Combine beauty and reliability with Stria. This resistant, durable, and ready-to-install panelling is ideal for adding texture and refinement to any space.

1138

Stix

MDF, white oak veneer

Stix is a self-adhesive wall and ceiling panelling solution, perfect for creative DIY projects. A durable, stylish, and easy-to-install product with its peel-and-stick adhesive strips that provides instant warmth and texture to your room.

1138

Stix

MDF, rustic oak veneer

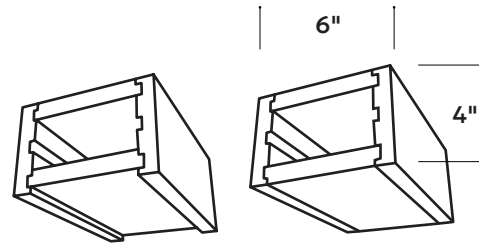

Stix adds natural depth to your space. Each slat showcases the character of oak, creating a timeless atmosphere where material and design meet. Designed to complement any style, Stix transforms interiors effortlessly.

8018

Reversible faux beam

White primed jointed pine

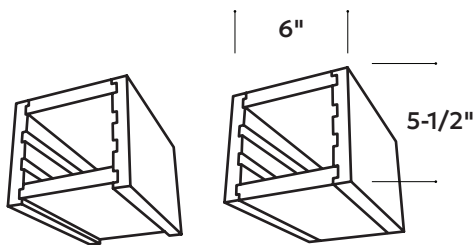

There's nothing like a chic & tasteful ceiling with exquisite faux beams and Classic VJ-M panelling. No more boring ceilings! This design is highly stylish in any space.

8020

Reversible faux beam

Knotty pine

Integrate this beam into your décor for a distinct architectural dimension. Magnificent and practical for concealing wires, support columns and other unsightly features.

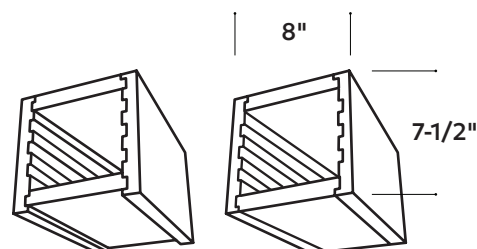

8023

Reversible faux beam

Knotty pine

Go ahead and play with our biggest faux beams for a ceiling that's sure to amaze. They're reversible, so you can install them with or without grooves to get the look you want.

Our three faux beam models are available in white primed jointed pine or knotty pine.
